

THE LOVE OF GOD

PREACHED BY JESUS' HOLINESS, SAINT DIKEJI DANIEL MIYERIJESU, THE BISHOP OF THE WHOLE WORLD, ON SUNDAY 2ND JANUARY, 2022.

TEXT: PSALMS 103:1-22

BIBLE REFERNCES: 1 JOHN 4:7-21, JOHN 1:6-9, 18

The love of God for us is great and it is incomparable. Nobody asked God to send His only begotten son, Jesus Christ to the world to show mankind the way to the father and die for our sins. He did so by his own will.

Jesus Christ is the Light of the world. If anyone starts this New Year, 2022 without Jesus Christ, such a person is making a terrible mistake. Jesus Christ is the real light and He desires that everyone should work in the light. As God's creature, because of the love Jesus Christ has for us, it is expected that we always praise God who sent Jesus

Christ and never forget how kind He is to us. If you believe that God is kind and merciful shout, hallelujah!

When we are talking about the love of God, it is good that we note how unconditional it is. We never did anything that deserves God's love. In fact, if God would reward us according to our actions, the whole world would be wiped out. God is not angry forever and He does not punish us as we deserve. You may have heard some people say that if they should commit a certain sin they have been committing repeatedly again, God should take their lives. Do you know that even when they commit that sin again; God does not take their lives? This is because, His love is great and He knows that we were made from dust. Dust cannot help itself.

The love of God is great. It is this love that sustained our lives till today. The unconditional love of God makes us very strong like the eagle. In this New Year, God will never allow our enemies to mock us; we must possess what rightfully belongs to us in Jesus' name.

My beloved children, let us live like God. His love is not restricted to some people alone; it is for everyone. So, as God's children, love everyone. Show love to both strangers and those around you. Anyone who does not have love is not a child of God. In fact, such a person does not know who God truly is. In this New Year, 2022, I pray that God's love should continue to keep us alive and God Almighty should give us the strength to love everyone and at the end, we will inherit God's kingdom in Jesus' name. Amen!
